

Asha-Colorado team has decided to send \$3000 to JDS project rather than \$1500, as was discussed in the May 2009 meeting. Here is the mail to core group with the reasoning.

=====

Sorry Pankaj, both Naresh and Vani have been working on this project together since Satya left the task. **Logistically, even if we send 2 months money only it will not cover 4 months money needed.**

The last time when we met for the meeting; the package had not arrived and there was misunderstanding on Vani's minutes about the payment (she was under the impression that the payment was made through April/ which is not the case)

With the new information, 1. material being received 2. vishwesh taking action on our/ Rohini's recommendation - I think it will be best to send the project \$3000.00 instead of 1500.00

Because even, if we decide to send 1500 now and give them conditionally. We have no one to do the site visit for us in 2 months and then send the money again. So for all the above reasons, I would strongly recommend that we send them \$3000.00 instead of 1500.000 and re-group to chart out expectations.

Vani/ Naresh - any suggestions?
